Subject: 2012 Hazardous Materials Emergency Preparedness Grant Awards and State Guidance.

Purpose

The purpose of this Information Bulletin is to announce the 2012 Hazardous Materials Emergency Preparedness (HMEP) Grant Awards and state guidance.

General

The 2012 HMEP awards are based upon the overall state performance of previous HMEP grants, applicant performance in previous years and applicant proposals. One major issue IDHS hopes to overcome in 2012 is the returning of unused funds at the end of the grant year. In so doing, there will be two different pieces of the HMEP grant in 2012. One is the State provision of baseline HAZMAT training and the second is a semi-annual grant review requiring at least 50 percent of HMEP funds to be spent by April 30th, 2012.

State HAZMAT Training

IDHS will be utilizing HMEP training funds to conduct fundamental HAZMAT training courses. These courses will be open to all disciplines. Lodging will be provided in accordance with normal IDHS training guidance. To host a course in your area, please contact John Steel at 317-233-6519 or by email at jsteel@dhs.in.gov by December 15, 2011. A training schedule will be published by January 31, 2012 and courses will be posted on the IDHS consolidated training calendar.

Mid-Year Grant Review

All HMEP grants will be reviewed on or about May 31st, 2012 for encumbered status. Any grant that has not reached 50% encumbered status by May 31st will be subject to reclamation and reprioritization.

2012 HMEP Grant Awards

Each of these awards will be separate awards (i.e. an award for planning and a separate grant award for training). Each award will require a 25% match per the federal guidance. Each grant recipient must provide a DUNS number to the IDHS Grants Office prior to any grant agreement being established.
